# Testimonials

I have been part of Shankar IAS Mainstorming Program. I think this program made a lot of difference in my way of answer writing and this will help you all as well. What I found unique about the test series was that **questions were very close to the levels of questions in UPSC mains examination**. The feedback provided is very extensive and that too not just on the copy but also on the call. We discussed our approach, what we understood from the question, where we were wrong. All this helped me in answering the question in a very analytical nature with good statistics, proper introduction and conclusion while maintaining the word budget.

**Divya Mishra | Rank 28 CSE 2020**  
GS Topper CSE 2020 (455 Marks)  
AIR 312 CSE 2019)

I was a student at Shankar IAS Mainstorming Mains test series. The topics were covered quite comprehensively, **the questions were quite pinpointed** and the **solutions were very detailed** to ensure I could **identify my gaps** and cover them. The **feedback was given promptly**, I invariably got my answer sheets back within a week with detailed feedback. The discussion sessions with Asif Sir were equally fruitful in identifying my weak areas, and the copies he shared with me to look at helped improve my understanding of the shortcomings in the GS answers. My GS performance last year was really below average with 330 Marks, and I think that has been my focus area and its improvement has been a major reason for my 55th rank this year.
