Why should you join PreFit ?

PreFit initiative will help you stop juggling too many things in an unrealistic manner and in place provide you with a well-organized timetable that covers every aspect of the syllabus.

We will provide a micro schedule broken into monthly, weekly and daily targets. Rather than self-validating your understanding of a specific syllabus area, **PreFit** ensures that you are tested based on your ability to comprehend what you have read through solving the question.

These tests not only test you against what you have read, but it also measures your peer performance by comparing your score amongst other UPSC aspirants at pan India level.

How Does PreFit cover current affairs?

PreFit divides current affairs of the past one year into monthly / weekly and daily targets covered across multiple tests. This enables you to get a more systematic and concerted hold over the current affairs by covering it through both daily and revision tests. It also ensures that you get enough time after **PreFit** (Last 90 days before final prelims exam) for revising all your standard books, solution keys and your personal notes without disproportionate effort and time invested on last-minute compilations.

Does PreFit include CSAT ?

Don't let CSAT spoil your chances at prelims, **PreFit** includes a 50 question CSAT test every week. The CSAT syllabus is integrated into the **PreFit** schedule by including specific CSAT tests every Saturday. This ensures that you are in sync with the CSAT component in proportion to the weightage allocated to it in the original prelims exam.

Why should you choose **Shankar IAS** ?
